Contributions are not deductible for income tax purposes. People for Brodsky accepts no more than \$55,900 per election from individuals, unions, political action committees, and trade associations. Partnerships and LLCs that make contributions will be required to specifically identify the partners responsible for the contribution, and that amount will be counted against each partner's individual contribution limit. Thus, the \$55,900 per election limit applies to each partner, individually, and not to the partnership or LLC entity itself. Total contributions from a corporation may not exceed \$5,000 per calendar year aggregate to all New York state and local candidate committees. Corporations, other entities and individuals are strictly prohibited from reimbursing another person/entity for making a contribution to People for Brodsky. All contributors must be US citizens or permanent resident aliens (green card holders).
